

The Valley Chapter Tennessee Bluebird Society

The Valley Chapter Tennessee Bluebird Society, (VCTBS) was formed July 2019 for the purpose of supporting the recovery and perpetuation of the Eastern Bluebird (*Sialia sialis*) and other native cavity nesting birds, as well as bees and butterflies, in East Tennessee.

The Tennessee Bluebird Society is dedicated to: Educational programs and workshops promoting Bluebird and other native cavity nesting birds. We encourage and aid in the development of nest-box trails, as-well-as, creating native plant habitat providing natural foods to native cavity nesting birds, butterflies and bees. We share information and experiences relating to bluebirds, birding, conservation and related topics with the public.

We support many Bluebird Trails around East Tennessee including our three Golf Courses. During the nesting season these trails are monitored once a week by our volunteers for data collection and nest box maintenance. Our information is shared with the Cornell Lab of Ornithology.

If you are interested in learning more about our cavity nesting birds, native plants and how to support our pollinators and butterflies, please join us. We don't currently have a lot of public meetings planned, as of now, but our training sessions and volunteer opportunities are available. If you have a background in these areas, we would love to have you share your knowledge with us.

We can be contacted by email at: ValleyChapterTBS@gmail.com

If you would like to join the Tennessee Bluebird Society, please see the membership form on the next page.

Respectfully Submitted,
Harriet and Bill Hartman
Co-Presidents VCTBS
